

27 April 2021

## Buses replace trains on the Werribee line

We removed the Cherry Street level crossing in March, making central Werribee completely level crossing free.

In late April and early May, we'll work outside of normal hours to complete rail signal works, remove old rail equipment, and remove the old road near the former Cherry Street level crossing.

We'll work continuously from **Thursday 29 April to Friday 7 May**. During this time, [buses will replace trains between Newport and Werribee](#) from **8.30pm Thursday 29 April to last train Thursday 6 May**.

[Wests Road, Little River and Browns Road, Werribee](#) will be closed overnight at the level crossing from **Thursday 29 April to Friday 7 May between 8pm and 5am**.

The detour will continue until **late May**. To find out more about our upcoming works, [visit our website](#).

The new bridge intersection in Werribee.

## Changes to the way you travel

### Rail

- [Buses replace trains between Newport and Werribee](#) from 8.30pm Thursday 29 April to last train Thursday 6 May
- [Buses replace trains between Laverton and Werribee](#) from 8.30pm Tuesday 25 May to last train Sunday 30 May

## Road

- [Market Road and Railway Avenue intersection](#) will be closed until late May
- [West's Road, Little River](#) will be closed overnight at the level crossing between 8pm and 5am from Thursday 29 April to Friday 7 May
- [Browns Road, Werribee](#) will be closed overnight at the level crossing between 8pm and 5am from Thursday 29 April to Friday 7 May

## Changes today, better transport tomorrow

As part of Victoria's Big Build, works continue in autumn on the North East Link, the missing link in Melbourne's freeway network. We're also working to remove some of Melbourne's most dangerous and congested level crossings on the Pakenham, Lilydale, Craigieburn, Werribee and Mernda lines.

The Metro Tunnel, Sunbury Line Upgrade and Regional Rail Revival projects on Gippsland, Seymour and Warrnambool lines will also progress, working to build a better train network for all Victorians. West Gate Tunnel works continue to widen the freeway, while upgrades to the Monash and Princes freeways will make it safer and easier to travel around Melbourne.

While we prepare for a better network there will be disruptions, be sure to plan ahead and allow extra time. For a detailed list of disruptions and to find out how changes today are building better transport for tomorrow, [visit Victoria's Big Build](#).

## Connect with us

- Text **Cherry** or **Werribee** to **0438 479 376** to sign up for SMS updates
- Send us a private message on the [Level Crossing Removal Project Facebook page](#)
